

**KEISER CARDIO**

# M5i STRIDER

Model 5602

## A GREAT STRIDE FORWARD

The M5i Strider is an Elliptical Trainer designed specifically for the Indoor Walking Classes that started in Europe and have now become one of the fastest rising trends in the fitness industry today. Combining the popularity of Elliptical Training with the success of group exercise, the M5i Striding Program is fun and effective fitness for everyone. The compact design of the M5i makes it a great alternative to the larger Ellipticals typically found in the cardio area of clubs, especially when space is a factor. Its elegant, compact, quiet design, and commercial quality will provide the home buyer a lifetime of exercise.
